*Update in May 2014: Arms cemetery has been removed. In 1983 this cemetery was legally declared neglected and abandoned. With no family objections, all rights and easements to this cemetery as a burial ground were terminated to facilitate commercial development. All deceased persons originally buried in this cemetery were re-interred in the Robertsville Baptist Church cemetery (AEC# 30).

Updated Information provided by Dennis Eggert.

Burial Records

*In 1976, all of the stones were broken. That of George Arms was mostly missing, with the name gone and only the bottom portion with the date of death remaining.
